"Any artist worth their salt feels a deep need to fight for the essential freedoms of humankind. That we can come together through music and support an association such as the CLDC is paramount." - Srgt. Fenix, Resident Anti-Hero

Featuring original and remix works from the likes of Willie Nelson, STS9, Marty Dread, Emancipator, Bluetech, Resident Anti-Hero, Dr. Israel, Etheric Double Soundsystem, Citizens Band, and more.

The Civil Liberties Defense Center is a nonprofit organization of practicing public interest attorneys and organizers. They focus on defending and upholding the rights of activists through education, outreach, litigation, and legal support and assistance.

Autonomous Music is an agency, management firm, label, and collective dedicated to using music in an effort to instigate progressive, positive, and radical social change. We are very proud to offer an album featuring tracks from Autonomous artists as well as some of our closest friends to raise money for the Civil Liberties Defense Center.
